Name of Organization:

Website:

Name of Person Applying:

Contact info (phone and email):

If a different person will liaise, please include their contact info:

Are you applying to be a Voting or Non-Voting Organizational Member of CYCC:

Mission Statement of your organization:

Do you fit the criteria for organizational members outlined in the application guide?

If no, what value would you bring to the coalition?

What is your understanding of the coalition?

Is your organization part of any other collaborative effort(s)? Which one(s)?

Describe your organizations programming.

Does your organization currently work on climate change? How could you incorporate the CYCC into your existing work?

If no to above, what other issue(s) does your organization focus on and how does it relate to the work of the CYCC?

We welcome the contributions that organizations representing marginalized communities bring to our organization, and invite groups primarily involved with with aboriginal people, people of colour, women, gays, lesbians, bisexuals, queer-oriented people single parents, members of ethnic minorities, immigrants and people with disabilities to apply. Please describe the contributions and experiences they, as organizations who work with marginalized communities, would bring to the CYCC.

Expectations

Your organization will be expected to attend a one hour conference call every month (for voting members), participate in email discussions, participate in CYCC programming, abide by principles of anti-oppression and accept a diversity of tactics as part of coalition programming.

Can your organization meet these expectations? If not, why not?

Anything else we should know about you?

Thank you! We will be in touch within a month regarding the status of the application.
