

The Canadian Youth Climate Coalition

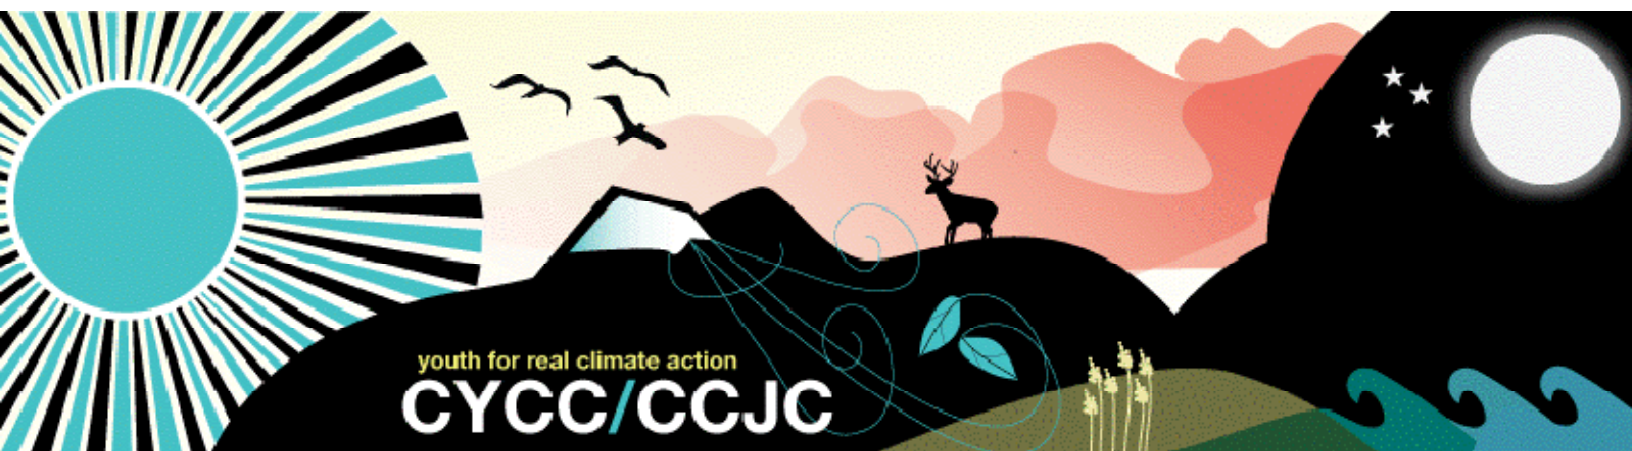

www.ourclimate.ca

The Canadian Youth Climate Coalition is a united front of youth from across Canada tackling the biggest challenge of our generation, the emerging climate crisis. Acting locally, provincially, federally, and internationally, we combine our forces to organize actions, influence government and implement concrete solutions. Working in schools and communities from coast to coast to coast, we are calling for and building a just and prosperous transition to the new Canada we all need to see.

Our current work includes the Canadian Youth Delegation to the United Nations Climate Change Meetings, the Green Jobs Campaign, the G8/G20 Campaign, and 10:10 Canada. We also work on providing a hub for the Canadian youth climate movement and we work closely with Canadian young people on smaller projects that they initiate. To find out more and get involved please visit our website.
